OSHA
Docket No. H-122, Room N-2625
U.S. Department of Labor
200 Constitution Ave. NW
Washington DC 20210

In regards to your proposed smoking regulation that is being considered, Docket NØ.H-122.

As of now we have no smokers working here, some of our customers smoke but we have no problems.

It

If the new regulations would go into effect it could have an impact on our business, because smokers might not come in.

One day we could hire a smoker so it could hurt the morale if smokers received special treatment that non-smokers did not receive. If the new regulation went in, we would have to put up no smoking signs and we could lose a lot of our business because of it. We would have to ban smoking because we could not afford to put in a **special** smoking room.

Sincerely

Westside Machine & Supply Inc.
Hans L. Christiansen
